Continuation of Substance of Interview including description of the general nature of what was discussed: The parties discussed amendment of claims 1, 7, 29 and 47 to place claims 1, 4, 7, 29 and 47 in condition for allowance. The Examiner also informed Ms. Lemon that claims 25-27, 31-33 and 37 are subject to rejoinder upon allowance of claims 1 and 7. However, the Examiner believes that the claims, which are directed to products intended for pharmaceutical use and processes of gene therapy, are not enabled by the disclosure. In order to expedite allowance of claims not directed to therapeutic use, Applicant agreed to cancel claims 25-27, 31-33 and 37 prior to receiving an action on the merits of those claims. Ms. Lemon also informed the Examiner that Applicant intends to file a petition to add inventors. The Examiner stated that the inventorship should be corrected prior to payment of the issue fee (i.e., by amendment under Rule 1.312)..
